

# Bloomfield Elementary School News April-May 2019

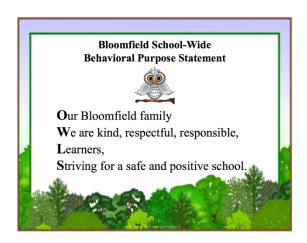

#### Words of the Week

Each week a word of the week is introduced to the school community through the daily announcements. Each word connects to our school focus on developing a growth mindset and/or the values of Kindness/Respect, Responsibility and Safety. Since my last newsletter the following words have been highlighted: feedback, reflection, apply, question, believe, and struggle. Please ask your child what the new word is each week.

#### What is PBIS?

Positive Behavioral Interventions and Support (PBIS) is a system of multi-tiered supports designed to help all children experience greater success at school, while learning and practicing school values including: respect/kindness, responsibility, and safety. Each day we practice our Bloomfield Behavioral Purpose Statement during morning announcements. Last week we kicked off a Whole School Positive Recognition campaign with "Who" slips. Who slips can be handed out by any staff member. The Who slips students receive are placed in classroom containers. At the end of the week, classroom containers are emptied into grade level containers. Each week names are chosen from each grade level to receive a Bloomfield Owl pencil. At the end of each month, names are drawn from each grade level for a lunch with a special guest and decorations. This is just one way that Bloomfield Elementary School is working to provide a learning environment in which all individuals feel engaged, safe, and significant!
